The Earth & I – A simple life

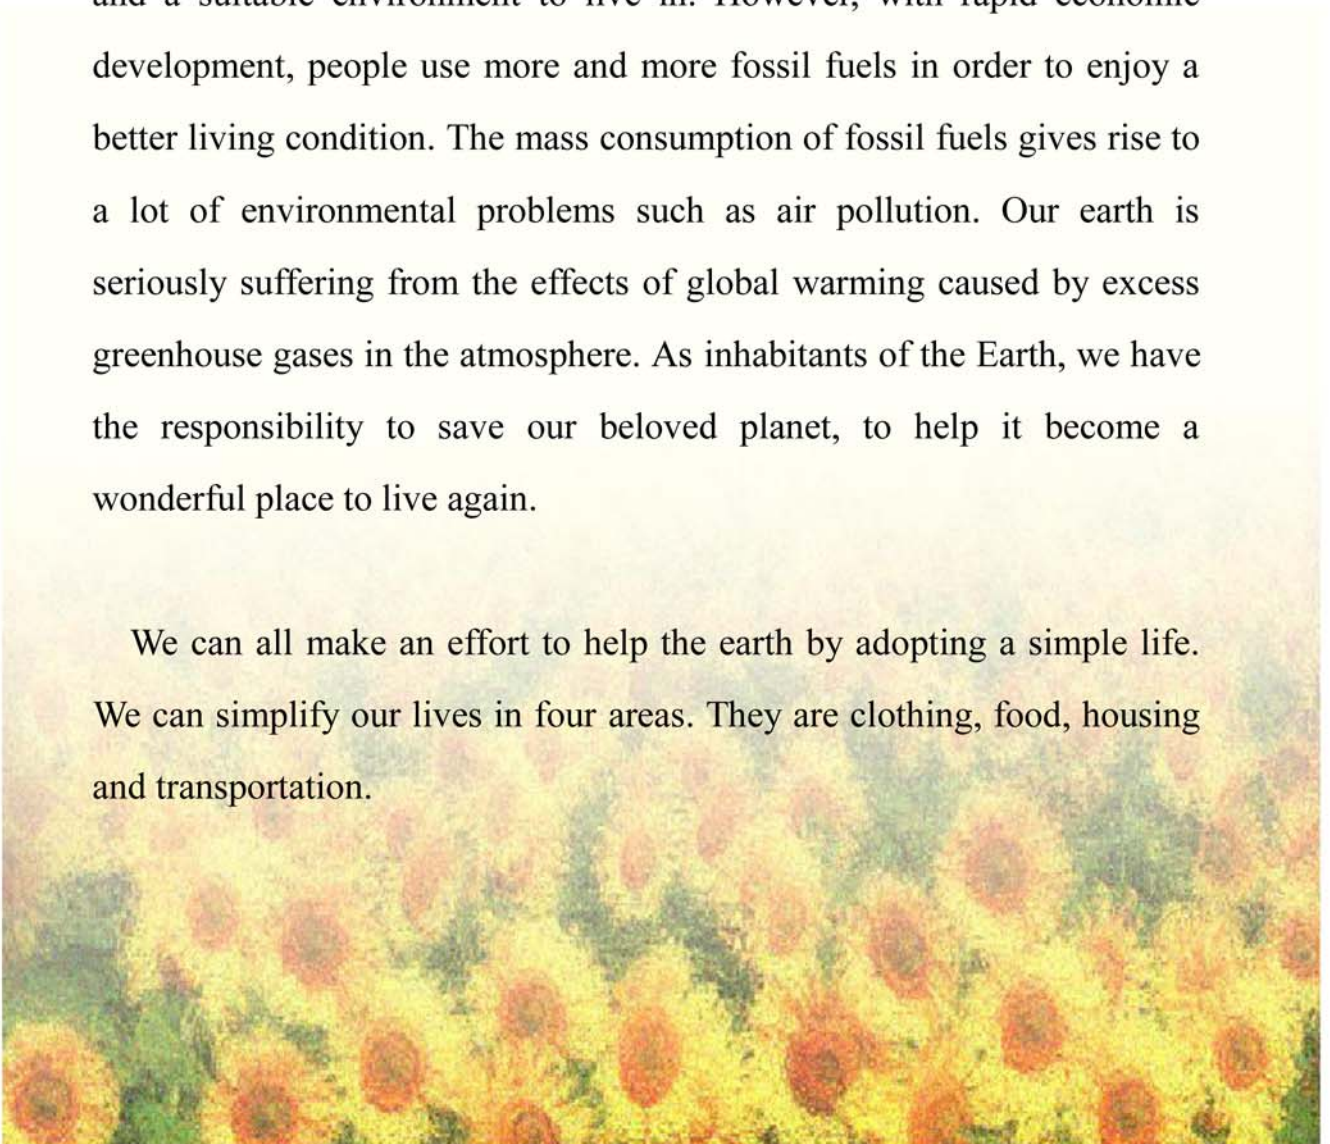

Senior Section – Outstanding Award

Want an ideal earth? Stay simple!

5B Chan Lok Yi, Eunice

Our earth used to be a beautiful planet for us to live. It is the home of millions of species of life. It provides us with sufficient natural resources and a suitable environment to live in. However, with rapid economic development, people use more and more fossil fuels in order to enjoy a better living condition. The mass consumption of fossil fuels gives rise to a lot of environmental problems such as air pollution. Our earth is seriously suffering from the effects of global warming caused by excess greenhouse gases in the atmosphere. As inhabitants of the Earth, we have the responsibility to save our beloved planet, to help it become a wonderful place to live again.

We can all make an effort to help the earth by adopting a simple life. We can simplify our lives in four areas. They are clothing, food, housing and transportation.

On the issue of clothing, we should buy clothes which are made from durable materials and avoid buying clothes with exaggerated designs. We can wear the clothes for a longer time instead of wearing them just once or twice. Besides, we should only buy clothes when necessary. Otherwise we may throw out many new clothes we have not worn much, which is a waste.

On the issue of food, we should consume more domestic foods rather than foreign foods. A lot of energy is already used to transport food within countries. When we are dining out, we may bring along our own food boxes to take away the food that we are not able to finish eating.

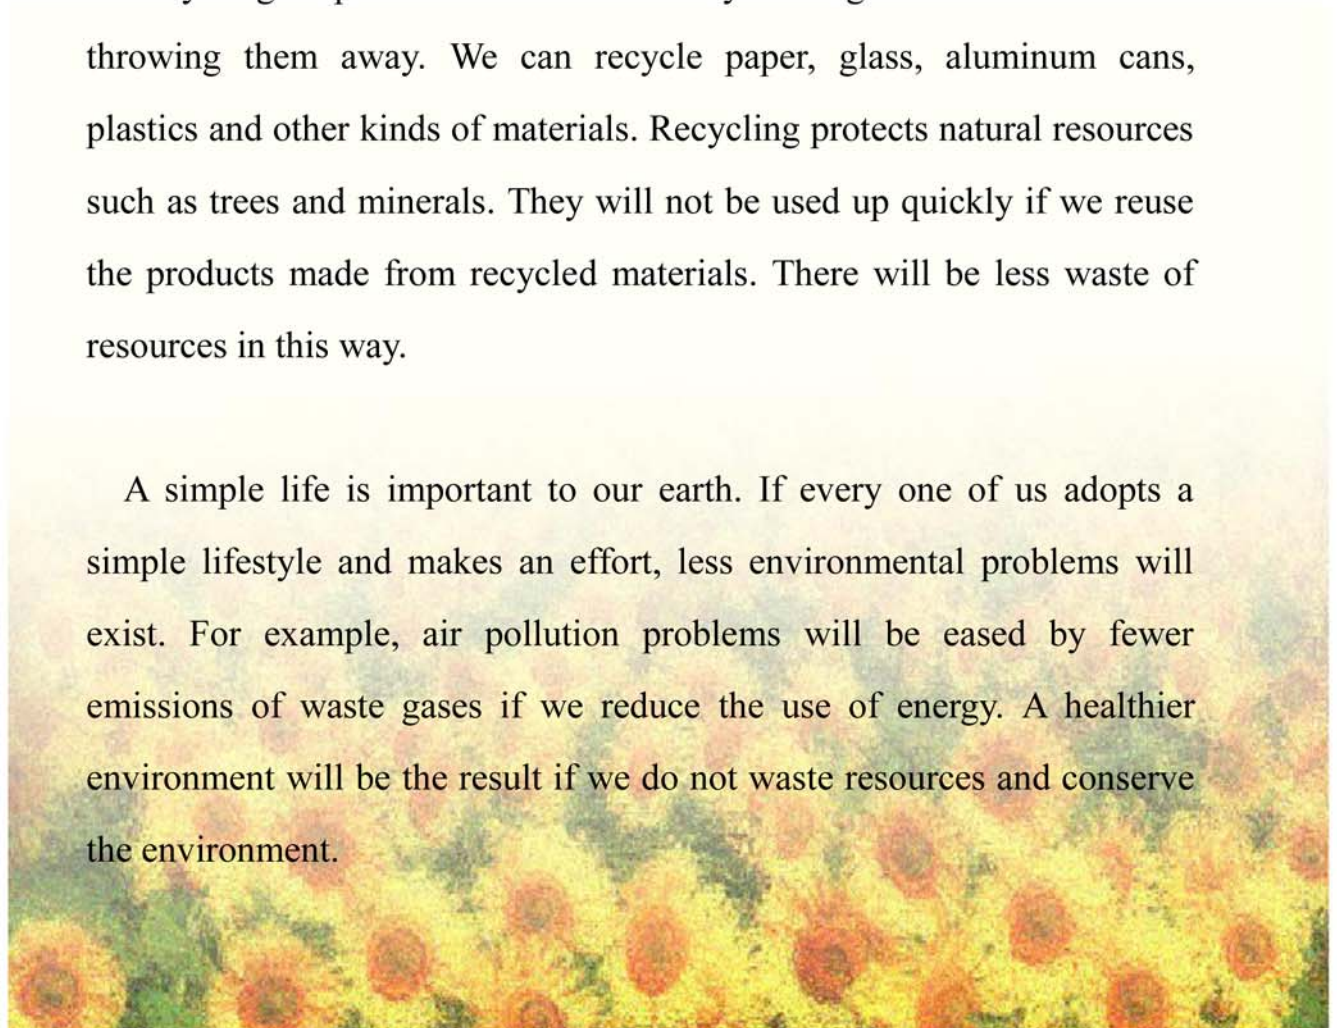

In relation to housing, compact fluorescent lamps are recommended for our homes. These lights use one-fifth to one-third of the electricity, and can last eight to fifteen times longer than normal lights. Also, we can make use of natural light more to reduce the use of light bulbs. In this way, large amounts of energy can be saved. Take a shower instead of a bath, and switching off the electrical appliances after using them will also contribute to helping the environment.

For transportation, although we can usually travel easily by cars, automobiles cause severe air pollution. In order to have cleaner air, we can simply drive less, take mass transit systems and walk more. This not only saves money, but also gives us a chance to exercise more.

Not wasting our resources is another key to protecting our earth. In our daily lives, we can carry our own water bottles to prevent buying water from convenience stores and reduce the waste from plastic bottles. Also, we should only buy the things we need, not all the things we want. This can reduce the waste of resources. We should not cook more food than we can consume as this will create a great deal of food waste. Imagine how many people do not have the opportunity to eat enough food in this world and these valuable foods are being dumped in landfills! Methane will be released when garbage decomposes in landfills, causing pollution. Therefore, we should cherish what we have and not waste them.

Recycling helps us to save resources by reusing materials rather than throwing them away. We can recycle paper, glass, aluminum cans, plastics and other kinds of materials. Recycling protects natural resources such as trees and minerals. They will not be used up quickly if we reuse the products made from recycled materials. There will be less waste of resources in this way.

A simple life is important to our earth. If every one of us adopts a simple lifestyle and makes an effort, less environmental problems will exist. For example, air pollution problems will be eased by fewer emissions of waste gases if we reduce the use of energy. A healthier environment will be the result if we do not waste resources and conserve the environment.

Also, fewer animals will need to face extinction. Global warming affects the lives of many animals, such as polar bears. The ice is melting in the polar areas and this reduces the size of their living area. They may find it difficult to find food and may die out in the end. The ecosystem will be destroyed. Living a simple life can help reduce the emission of greenhouse gases. This will help slow down the global warming problem and protect living things on our Earth.

Living a simple life may help our next generation to have an equal amount of natural resources to use. If we use up the natural resources provided by our earth now, our descendants will not be able to use any of them. We do not want the next generation to not have enough resources. Therefore, we should conserve all the things we have right now.

As noted by Jim Clyburn, an Assistant Democratic Leader in the US, “Environmental protection doesn't happen in a vacuum. You can't separate the impact on the environment from the impact on our families and communities.” Every little action contributes to protecting our earth, so everyone should adopt a simpler life in order to have a wonderful place to live in again.

The Earth & I – A simple life

A Simple Life

5'B Natalie Chan

Do you like having a bath instead of having a shower? Do you usually use disposable cutlery or bags? Do you like going somewhere by car instead of public transport? If you do, you have already harmed the earth and you need to change your lifestyle now! It is important to lead a simple life.

Our fresh water resources are limited. Only 0.75% of the water on earth is suitable for us to use as drinking water. If we do not conserve water, water shortages may happen when there is an increase in population or further economic development. Therefore, we need to treasure and conserve water.

Dumping large amounts of solid wastes will lead to land pollution, which harms our living environment. Some solid wastes are non-biodegradable, such as some plastics, glasses and metals. There will be a shortage of land suitable for use as landfill sites.

Everyone wants fresh air. However, human activities like the burning of fuels and driving motor vehicles, make the air dirty as air pollutants such as nitrogen oxides, suspended particles will be produced. These air pollutants can lead to acid rain. Poisonous gases also irritate our eyes and attack our respiratory systems. The long term effects of global warming are becoming more serious. The melting of ice at the Poles will cause flooding in low-lying coastal areas and the rise in average sea levels. Ecosystems will be affected because of the change in climate and wildlife's habitats.

All these kinds of pollutions can cause serious problems to our society and ecosystems. We also need to know that lots of resources on the earth are limited. Therefore we must make our lives simpler and reduce the wasting of resources. But how can we lead a simple life?

Firstly, we need to conserve water. We can take showers instead of having baths. This is because when we are having a bath, lots of water needs to be used. To reduce the use of water, a shower is a better choice for us. Also, we can wash rice and then reuse this water to irrigate plants. Water can therefore be fully utilized. By doing so, we can ensure that the next generation can still have enough resources in order to allow a sustainable development of the earth.

Secondly, we can reduce waste by using reusable cutlery. We can also

bring our own bags when we are shopping so that less plastic bags are used. When we are dumping waste, try to put them into recycling bins. This waste may become useful materials after recycling, which can lower the pressure on landfill sites and reduce land pollution.

Last but not least, try to use public transport or even cycling, instead of driving private cars. Thus, less air pollutants are produced. This not only helps reduce air pollution, but also saves our ecosystems and improves our living environments.

Earth is the most beautiful of all the planets. Please love and protect it. Everyone in the world is responsible for protecting our earth, so try to be environmentally friendly. Lead a simple life and don't waste resources!

A decorative border composed of numerous small, colorful hearts in shades of red, orange, green, purple, and blue, arranged in a repeating pattern around the edges of the page.

Good People Good Deeds

Passing on the torch of kindness

Vivian Choi (3A)

Knowledge changes fate. It has been my belief since I was born. My family was poor when I was little and I was always told to study diligently no matter how hard the family situation was. With the encouragement given by my family and their belief in me, my academic results were very good and I was granted some scholarships. Therefore, my studies would not be a financial burden on my family.

That was until the year when I was about to enter university, when my father was suddenly found to have a serious heart disease. In order to earn more money for his medical fees, I had no choice but to give up on my studies and the chance to go to university. Feeling upset and stressed, I wrote an article about my situation and sent it to a newspaper. A week after the article had been posted, the editor contacted me to pick up a parcel left by a reader. The moment I received the parcel, I felt I was blessed and couldn't help bursting into tears. On the parcel, I found a note, "Having learnt your story, I feel so sorry about your situation. I believe you are a gifted young man. Don't give up the chance to pursue your

knowledge and your dream. Here is some money for your father's medical fees. You don't have to return the money to me, but I hope you can help someone in need one day when you are able to." On the note, there was only a signature, but I couldn't make out the name.

I tried to ask the editor about who had left it for me and their contact information. No one working there, however, knew who had left it. The money helped to save my father as well as my future.

Time flew by. Two decades after my graduation, I was invited to a "Good People. Good Deeds Ceremony", because of my contribution to the education field.

"Please give a big hand to our last awardee, Mr. Kelvin Cheung," said the host. "It is my honour to receive this award" I said, "I'd like to share my story with you. Today, I have brought a letter which means a lot to me. The person who wrote this letter to me has shown me how to share love selflessly. His kindness changed my life. I always wanted to know where you were, and now I know you are here. You are the one who stood next to me at the reception. Please give me a chance to say thank you," I said sincerely. When I came down off the stage, I saw an old man standing up, the man who made my dreams come true. The tears welled up in my eyes and I couldn't say anything when I faced the kind man. "You don't need to say thanks. It is your hard work which has brought you here. I am

proud of you,” said the old man with a gentle smile on his face.

Since then, we have kept in touch. When the old man fell ill, I asked him to live with me so that I could take better care of him. Unfortunately, he passed away after a year. What he left to me was a note again. “I am so glad that I could help a young man like you. You have really kept your promise. You did help a person in need. Thank you for your heart-warming care this year. Although you have already completed my wish, I hope you can provide your helping hand for many others.”

Don’t worry. You have my word.

近年在教育領域中對家長誤導深的一句話是“別讓孩子輸在起跑線上”。我認為“輸在起跑線”只適合形容短程的賽跑，如百米短跑。但人生不是短跑，是一場馬拉松！馬拉松從來沒有人搶跑，所以起跑線是否領先就不重要了。而馬拉松的特點是誰笑到最後，誰笑得最好！但一些家長卻反道而行，他們擔心孩子輸在起跑線上，通過各種培訓班給孩子超前灌輸知識，揠苗助長。但是這種種違背規律的學習，最後帶來的是孩子跑遍方向或跑反了的問題。我認為孩子有自己的成長規律，亦有權以自己的思想主宰成長。現在的孩子忙得連玩的時間也沒有，靈感被扼殺，剩下的只有「零感」。這般弄不清情況就胡亂“賽跑”，孩子能跑多遠呢？

生老病死是人生必經之路，面對痛苦挫折，我們無法躲避。但我們絕對有權選擇用微笑面對。讀過不少莫醫生行醫時所遇到的病例後，我深感佩服每位故事的主人翁，儘管癌魔勢力強盛，也比不上病人的求生意志堅定。他們盡力配合一切療程，願意勇敢地付上掉頭髮的代價，為的只是能存活下來。可是老天不盡人意，仍然帶走患者的生命。我只能感嘆人生無常，也想起現正患上大腸癌

第三期的外公。既然人類不能控制生死，便更應該珍惜現有的一切：包括健康、心跳、呼吸等。

因為活著不是必然的，活著便更認真地活。

現在我每次探望外公都會鼓勵他以樂觀心態看待病情，並珍惜我們相處的每一分每一秒。

優異獎

班別：中五丁 姓名：葉韻雯

書名：親吻獅子的男人：我那無與倫比的馴獸人生

作者：堤利·勒波堤耶

出版社：平安文化

堤利·勒波堤耶是一位世界知名的全能馴獸師，這本書記錄了他那非比尋常的馴獸人生的傳奇。這書令我那為目標而搖擺不定的心在不知不覺間被打了一針強心針.....。

本書分為 4 節，每一節都是他人生的一个階段。當中第一節是講述了他在偶爾間的馴獸表演中，

被馴獸師的能力深深吸引，以及自己自小便對動物和野獸深感興趣。這時候，他訂立了目標，開始了他要成為馴獸師的學習路程；在沒有足夠金錢上馴獸課時，他以打理雜務理由進入了馬戲團，為求能在觀察中學習；在母親反對他的夢想時，他用盡辦法試圖讓母親明白這是他最想做的事，成功地說服了母親；在大家討論誰人能為那頭新來的豹戴頸圈時，他自告奮勇地站出來為它帶頸圈。他清晰的目標以及他的勇氣令我想到：在香港，我們擁有很多追求夢想的機會，想學的，想玩的都不用考慮金錢的問題，但我們卻因太多的選擇而在人生目標中迷失了方向，那是多麼的愚蠢！何不像堤利那樣立下決心便行動，不管事大事小，有機會便做，那樣我們便一步一步地走近目標。

第二、三節是堤利離開了馬戲團，開始了尋找野獸馴獸師的工作的歷程。即使身上的分文已所剩無幾，他依然堅決要做野獸方面的馴獸師，拒絕做馬、駱駝這些溫順的動物馴獸師。後來在得到一所動物園接納成為馴獸師後，往後的一段日子尚不錯，但正當工作踏入黃金期，卻在一夜間，錢財被園主偷走了，變得無家可歸。被信任的人欺騙讓作者感到心碎，然而他吸取教訓，不氣餒地再次踏入尋找馴獸師的道路。他在這尋夢的崎嶇路途中前進、學習與裝備，他所得的經驗令他後來的馴獸工作更闖高峰。他懷著積極上進的心，當聽到前輩說一個全能馴獸師需要完成三項中其中一項的最高難度動作，他不斷與獅子上海練習，一次性完成

了這三項挑戰。“上海個性活躍，而且有較強的控制慾，對牠堅持某些動作有時會對馴獸師造成危險.....有風險”堤利從不刻意用危險來與自己的能耐丈量。讓我想到我做地產的富豪叔公常說的一句話：“做自己想不到的事”。人應當勇於嘗試，不斷前進，在得到成果後繼續，永無止境地學習！學習！再學習！別讓自己停下來，這才是豐盛的人生。

第四節中堤利已經離終點目標不遠，正是加速衝刺的時刻。他以馴獸師的身份帶領野獸動物拍攝電影、廣告。其中與老虎 King 一起拍攝的電影《少年派的奇幻旅程》最讓我感觸良多。衆所周知，貓科動物很抗拒接觸水，但卻在堤利的指導下落水并拍出達到電影中所要求的動作表情。書中的描述讓我心動並去看其電影，令我對 King 在水中疲憊了卻上不到岸的那恐懼無助的表情更印象深刻，使我心痛不已。同時我想到迪士尼故事中的人物寶嘉康蒂所說：“任何事物都有生命、有靈魂、有其名。”我們應該尊重、敬畏生命，有生命的事物如同人一樣，也有感覺。只要我們將自己代入他們，願意嘗試去理解他們，與他們溝通，便能和他們身同感受。

人生真是像演戲一樣，每個人都在人生舞臺上扮演一個角色，就如堤利一樣，他正扮演著馴獸師一角。命運無法預知是常人都知的，但只要我們像堤利一樣盡力去演好自己的角色，便可抓緊機

會。就像我們現時所身處的香港，我們的學習環境，雖然是填鴨式制度，我們也不可否認這制度其實也有其可取之處。即使我們身處的社會物質充足，生活安定，我們也不能止步不前，安於現狀，應懷著上進心，肯定自己的人生方向並向前邁進。我們常常埋怨不公平的人和事，但我認為人生沒有絕對的公平，而是相對的公平。在一個天秤上，你得到越多，勢必要承受更多，每一個看似低的起點，都是通往更高峰的必經之路，就如堤利為接近目標而入馬戲團做打雜，從觀察中學習成為馴獸師。埋怨只會是我們懦弱的表現；努力，才是我們人生的態度。你知道嗎？堤利憑毅力，得到一般父母是不會同意孩子去成為馴獸師的認同，得到馴獸老師欣賞。沒有機會做大事的人，是因為沒有通過做好小事來證明自己的實力。放在越不起眼的地方，越要主動發光。在別人不敢委以重任之前，把小事做到極致，來證明自己的實力。你知道嗎？不能夠實現夢想的人都有一個共通之處，那就是，想要一樣東西，卻怎麼也不願意為之付出。堤利為自己所選的路，跌倒、受傷也沒一聲埋怨，學會了承受、療傷以及成長。

堤利·勒波堤耶
(Thierry Le Portier)

可洛創意寫作坊

暗香疏影透寒霜

風雪紛飛迅急狂

遍覆山林河上凍

白銀大地異冬裝

班級：中四及中五
導師：可洛（梁偉洛）

相隔一星期的星期五，我期待早會結束的響鈴聲，預示着音樂堂的到來。鈴聲是快樂的前菜，催促我加快步伐，為搶先在主菜溜走前填飽這兩星期壓抑着的飢餓。我對音樂室那裏獨有的氣味和氣壓情有獨鍾，它那裏的氣味不像是木材釋放出來，但就是啫喱般凝固着。每當我深深吸一口氣，牙就變得癢癢的，想找什麼咬咬。亦如咬到口腔，血向四周擴散的那種溫熱和鐵銹味，就是讓我回味無窮。那裏的氣壓異於平常，一跨過門檻便頓感腔口悶悶的，空氣仿佛是黏着地面流動，有一種輕度窒息的痛苦，卻為我帶來陣陣快感。不過，這大概是音樂室通風系統不佳所致的，因為窗戶一開，一切便化為烏有。

「他」帶給我一份禮物－故居的味道。幼年我住在上水，也許那裏歷史悠久，全是舊樓，升降機只裝置了一個抽氣扇，在頭頂轟轟作響。那時我也在升降機嗅到相同的味道，這股氣味是對故居唯一殘留的碎片，一種虛無的印象。

暑假後和「他」重遇，我雀躍得扯着旁邊同學的衣袖，激動地問好友是否嗅到，她亦報以一個激動的表情頻頻點頭。豈料，在我以為遇到知音時，她以手掩鼻，道：「就是吧！一股大叔的臭汗味。」唉！同學，你不必如此直接呀！

對氣味的感受是因人而異，有人愛香水愛得不得了，但我和它的粒子卻難以產生共鳴。我也很讚同我個人有點不正常。香水予我的感受覺像三角形粒子，很尖銳的，令皮膚難以熬過，撞擊着毛囊的感覺並不好受。就如為何朋友對音樂室的味和我的見解南轅北轍，但我相信總有天會碰上同路人。有空的話不妨到音樂室繞一圈，呼吸呼吸！

可洛點評： 藉氣味的鍾愛，寫自己寫回憶
文中有出色的描寫和想像，如三角形粒子
有潛質！

微型小說創作

分離

趙鳳雯(5A)

「報告顯示您得了肝癌，已是末期了。很抱歉，在這個時期，什麼治療也不能做了。」

多麼可怕的一句傳入愛兒的耳，好像是世界末日一樣，任何希望也沒有，心中全被絕望、沮喪的情緒填滿，本來堅強的她，也崩潰了，眼淚奪眶而出。因為患上癌症的，是從小照顧她、與她相依為命的外婆。她命運坎坷，就在她出生的那個晚上，父親駕車載她母親到醫院，可是途中不幸發生交通意外，父母都去世了。醫生發現她還在母親的肚子中，就趕快進行剖腹生產，她就出世了。

從此以後，愛兒的外婆就代替她的父母照顧著她。生活雖然不算是富裕，但衣食總算是充足，愛兒亦很乖巧知足，知道外婆辛勞，不會向外婆要求什麼。每天放學就趕快到市場買菜回家，為外婆準備晚餐，不希望外婆為了她到處奔走而勞心勞力。

好不容易愛兒才上大學一年級，希望將來長大成人報答外婆的養育之恩，可是傳來外婆患癌這噩耗。她腦裏一片空白，失去平時的理智，哭得泣不成聲、肝腸寸斷。

哭成淚人的她，突然冷靜下來，問醫生：「醫生，你是跟我開玩笑的吧！她一點病徵都沒有啊！任何病都一定有病徵的！是的是的！醫生，你告訴我真話吧！你是說笑的吧！」

「肝癌這個病是一個例外！我所說的全是真話，請你冷靜一點地聽我說……」

「好了！不用說了。你一定是騙人的。外婆，我們走！」愛兒打斷醫生的說話，然後帶了外婆回家。

「外婆，他們的心腸真壞，居然詛咒你。不用理他們。」

「愛兒啊，外婆年紀大了，不能陪你很久，你現在都這麼大了，不用我擔心了……」然後就摸摸袋子，拿出紅色的存款簿，遞給愛兒，語重心長地說：「這是我的存款簿，這些錢都是留給你的，這應該足夠你讀完大學的了。然後的……」

「不！我不要！外婆你是不會死的！別說這些了。」她把存款簿合上，遞給外婆。

肝癌的病徵來了。

該天深夜，外婆突然狂咳不止，把愛兒從睡夢中驚醒。她爬下床，按下燈制，開燈後發現外婆床上有幾灘鮮血，她嚇得目瞪口呆、驚惶失色。她立刻打電話急

召救護車送外婆到醫院。

「外婆，外婆，你千萬不要有事。沒有你，我怎麼辦？」這句在愛兒的腦裏不斷重覆著。

「你們一定要救活我的外婆，她對我很重要，很重要！」愛兒激動地對救護車上的救護員說。

不一會兒，救護車到達了醫院，出來的醫生剛巧是昨天告訴愛兒外婆患癌的同位醫生。外婆接著被推入急救室進行急救，愛兒在外等得焦急，心中想著壞方面的結果，就哭起來了。

愛兒得到幸運之神的眷顧，外婆暫時熬過了危險時期，可是又有一個壞消息等著她。

「你外婆的情況開始轉差了，大約只剩下一個星期的壽命了。你最好要有心理準備。」醫生認真地對愛兒說。

「是。我知道了。」

愛兒聽後，明白到再傷心下去，只會令外婆更不放心，就決定在外婆面前要顯得堅強，強忍淚水，陪住外婆走完人生的最後一段路，不讓她有任何遺憾。

外婆需要留院觀察，愛兒就留在醫院陪伴著她。不久，外婆就睡著了，愛兒看到外婆入睡了，也伏在外婆床邊，握著外婆張滿青筋的手睡著了。

「咳、咳、咳、咳咳咳咳咳咳咳…咳咳…咳咳……………」

這聲音再次把愛兒從夢中驚醒，她張開眼睛，強忍的淚水終於奪眶而出，令被單也濕了。她沒有起來，也不敢哭出聲，因為她不想讓外婆知道她在哭。外婆每一下咳嗽，儼如一把刀直刺她心臟，使她痛苦之餘，她的心更在淌血。痛得撕心裂肺，又不能停止的痛，教她生不如死。她向上帝祈禱：「上帝，我求求你，求你減輕外婆的痛苦，我實在不忍心看到她這樣。如果可以的話，我願意代替她受這苦難。」

第二天，外婆睜開眼睛，發現自己坐在床邊，自己的軀殼卻躺在床上，感到十分震驚。護士剛好進入病房，外婆問她借了一面鏡子。外婆看看鏡子中的自己，竟變得與愛兒的外表一模一樣，嚇得失魂落魄，呆坐在病床旁邊的椅子上，一言不發。

一會兒後，愛兒也醒來了。還未睜開眼睛，就因喉嚨太乾而猛烈地咳起來。

「咳、咳、咳、咳咳咳……」此時，愛兒知道，應該是上帝答應了她的請求。

「愛兒，到底發生什麼事？我和你的身份怎麼會對掉了？到底發生什麼事？」

「這樣不好嗎？外婆你不需要再承受痛苦了。讓我代替你與病魔抗戰！」

「傻妹！你怎麼這樣傻！你還這麼年輕！外婆年紀大了，這是很自然的事！」

外婆哭了。

「外婆，沒有你，我都不可能有今天了，這是值得的…咳咳……」

「咳、咳、咳、咳咳咳……」愛兒的咳嗽聲突然停了，病床旁邊的心跳測量器中的圖示變成了一條水平線，更響著那代表心跳完全停頓的可怕聲音。

「不要不要！我的傻孫女兒！」外婆趕快按下床頭那通知醫生的按鈕。醫生很快就來到愛兒的床邊，為愛兒進行急救。可惜，愛兒已返魂乏術了，一切都太遲了。

「我的傻孫女兒！」外婆聲嘶力竭地喊道。

你也願意為你最愛的人犧牲你最寶貴的東西嗎？

可洛點評：寫得不錯，既交代了愛兒的背景，中段出現超現實的情節，甚是意料之外。有兩點可令小說寫得更好，第一是愛兒變成婆婆後，可以形容一下身體受肝癌影響的感覺，這才突顯她承受了外婆的痛苦；第二是小說的結局不須要反問讀者，我認為停在心電圖變得水平線就好。

微型小說創作

腦筋急轉彎

虞詠恩 (5B)

「現在有請今晚的婚禮策劃人林小英為一對新人作見證。」小英隨著在場來賓熱烈的掌聲，一步一步走到台上。然而她不知道她正逐漸逼近事業高峰之際的轉捩點。

格格……轟——

印著新娘名字的結婚牌匾突然墜落，只剩下新郎長雄的依然繫在布幔上。各自印有半顆心的牌匾，本來在合併後有一顆象徵完整不變的心。然而現在心碎了。全場一片寂靜，各嘉賓停下了剛才鼓掌的動作，就連這位有豐富經驗的策劃人的心也在發麻。

「我該怎麼辦？絕對不能回頭，絕對不能！在傳統人家的婚禮上發生這樣的事情已經不吉利，還要我看他們難堪的面色，叫我顏面何存？」小英心想。

事實上，幾分鐘前小英才被人誇讚：「你果真是全港最出色最完美的婚禮策劃人！」

在職業生涯一路上，小英可是從沒嚐過絆倒的痛楚。她二十歲便入行，剛開始只在一所小型公司當設計師，可是愈做愈出眾。不但設計出一連多個系列的婚禮佈置及蛋糕，更被人「挖角」成為正式的專業策劃師。她曾替局長女兒甚至首富的兒子籌備世紀婚禮。對於前輩的指點，她均會牢牢記下來。憑藉自己的努力，她以驚人的速度，成為了一位「客戶想要夢幻主題，提供夢幻之餘還額外添一座城堡」的成功婚禮專家。小英現年才二十四歲。

成就青出於藍的小英，卻有一個天生的缺點——緊張。然而她亦盡最大努力，在每一場婚禮前，定會在每個部分照著程序表仔細檢閱三次以上。這確保萬事俱備，做到十全十美的要求。當然每次也非常順利，因為那些全在他的掌握之內。可是現在這意料之外：或因潮濕，或因膠紙黏力不足的事呢？

一向富策劃經驗，卻沒膽量處理危機的小英獨自在台上，面對這一塊破壞氣氛的小牌，腦袋卻不爭氣地一動不動。

此時，按部就班的小英只記得前輩「不許有冷場、不許有半分鐘的寂靜」的叮囑，及早前背誦到滾瓜爛熟的台詞。

「失去面子、失去聲譽，也不許讓人家失去一生中最感動的回憶！」

深吸一口氣，毅然轉身面向參加婚禮的來賓：「感謝各位來臨……（一番標準台詞後）這兩塊刻有一對新人名字的佈置牌，如今一塊於布上，一塊於地下，正正為今晚的重大喜事，道出了一句祝賀說話——天長地久。可能在座來賓不知道新娘是陳家第九位子女。」

說完這番話，台下大半凝重的神色早已減退。

「現在就讓我們一同見證新娘將自己的心意，交託新郎手中的一刻！」

隨之而來的，是一陣又一陣的歡呼聲，就像一場驚心動魄的舞台劇謝幕的情景。

可洛點評：這篇寫得不錯，符合微型小說結構，交代人物背景，她要面對的問題是危機管理，也正是她最弱的一項，從中我們可以看出她的專業和機智形象。你寫出一個意想不到的結尾，但又在情理之中，實在有寫微型小說的潛質。

International Children Painting Competition in Hong Kong

Best Award of the Day

Kowloon Walled City Park

繪畫及設計比賽 優勝作品

職安Power全起動13/14

職安健吉祥物設計比賽

冠軍：2B 鄧穎琪

作品名稱：白仔

這隻貓叫白仔，因為牠的胸毛是白色。我選用貓作吉祥物的主題，因為人們常說貓有九條命，而身為貓的白仔十分有安全意識，帶備護目鏡、安全帽等等的保護裝備。有九條命的貓也有安全意識去保護自己，更何況只有一條命的人？因此，可從這吉祥物去警誡從事高空工作的人們要有安全意識及注意人身的安全。

季軍：2A 林雅淇

作品名稱：安全小雞

這作品叫「安全小雞」，他是從事建築業的人員。從事建築的人員在工作環境中會常遇到一些意外，生命就像小雞般脆弱地面對四周的危險物。所以這「安全小雞」能提醒建築的人需要時刻配上安全設備來保護自己。

優異獎：2A 黃妍臻

作品名稱：職安Pro

我為此吉祥物起名為「職安Pro」，這個吉祥物的意念是來自安全裝備的重要，希望他人看過它可以加強安全的意識。

PEACE和平計劃 T恤標誌設計比賽

冠軍：
4C 何穎琪

P字混合了彩虹及愛心，表示和平帶來正面人生。E字以橄欖葉形成，表達出和平的意思。A字混合了張開了的口，表示分享和表達。C字是一隻耳朵，代表聆聽。E字的紫色部份是一個等號，代表平等對待。

「第八屆香港盃外交知識競賽」

T-shirt設計比賽

季軍：4C 關詠之

優異獎：4B 梁漪瑩

2014「讓愛動起來」繪畫比賽

(亞太區賽事)

二等獎

4C 尹嘉晴

擁抱海洋

婚紗讓人聯想到愛的承諾，畫中穿婚紗的少女雙手打開，有很多小魚兒圍繞著她在游動，她的兩旁有很多不同種類的海洋生物，如海豚、貝殼和水母等。少女和魚群融為一體，快樂之情躍然紙上。

二等獎

4C 張雪晴

海陸空共融

這幅作品是描繪天空、陸地和海洋的生物皆和諧共處。天空化作棉被，畫中加入了鳥兒，而草地上躺著獅子、海豚和人，藉以帶出人類要跟所有動物和諧共處。

二等獎

4B 吳曉彤

海洋生物與我

海洋污染的問題日漸嚴重，海洋生物們都需要我們的幫助。在夕陽的餘暉映照下，我親吻著海洋生物，那是我和牠之間的愛，我希望用我的力量去保護牠們。

三等獎

4C 陳雪聰

遠距離的愛

畫中一對男女，雖然分隔著大海洋，但他們伸手捉緊對方，感受著對方的愛。以默契和緣份牽引著，藉以聯繫彼此的愛。愛，無分國界，用心牽動，讓愛動起來。

三等獎

4B 馮慧仁

父母愛的蔭護

左右以植物枝幹代表父母，母親生出小花，父母不怕雨水打落在自己的身上，只顧攜手合力地拿著雨傘為小花遮風擋雨。透過這幅畫我希望讓大家感受到父母偉大的愛。
